

# Home health care to fit your life.

Looking for an affordable home health care option? Lutheran Services in Iowa (LSI) can help you remain independent with our home health care services.

LSI is one of Iowa's largest social service agencies and a social ministry of the Evangelical Lutheran Church of America (ELCA).

By partnering with families, physicians and parish nurse programs, LSI can provide you with skilled nurses, home health aides, homemakers, social workers and occupational, speech or physical therapy – all within the comfort of your home.

Services range from skilled nursing for medication, therapy and blood work to helping you with bathing and personal care to even doing light housework like meal prep or laundry.

Your Medicare can cover the cost of services if you are homebound and need a skilled service, such as nursing or therapy. Other pay options include waivers, insurance, grants or private pay.

Your independence matters to us. We're here to lend a helping hand when you need it.
